

Press Release

THE PALACONGRESSI DI RIMINI IS A FAVOURITE WITH THE LOCALS IN DECEMBER.

Associations, public bodies and major businesses in Rimini have all chosen the rooms and auditorium of the Palacongressi to organise their December conventions, meetings and congresses.

Among the event organisers, with over 7,000 participants are Teddy, Gruppo Maggioli, CONI Point, Banca Malatestiana, Rimini Civil Chamber, Architects Association and Surveyors Association.

Rimini, 30 November 2016 – international events, medical-scientific conferences and conventions organised by major companies or multinationals are not all that's on the agenda. **The Palacongressi di Rimini is becoming an increasingly popular choice for local bodies, associations and major business.**

And the venue will bring 2016 to a close with a variety of "made in Romagna" events, attracting over 7,000 participants in the month of December alone.

Teddy, the multinational family-run fashion group has planned an evening dedicated to those who work and collaborate with them (30 November). **Banca Malatestiana** will renew its traditional annual "Christmas Together", dedicated to partners, clients and citizens (18 December). The world of sport in the local area will be celebrated with **CONI Point**, including an awards ceremony for the "Sportsperson of the Year 2016" (12 December). Another big name in local business, **Gruppo Maggioli** will host its annual event - "Maggiolinsieme 2016 - We are History" on December 16.

On 2 and 3 December, to mark the "International Day of People with Disability", **Anffas Onlus**, will organise an international convention at the **Palacongressi**, "Intellectual disabilities and Neurodevelopment: human rights and the quality of life". There will be a simultaneous seminar dedicated to the **Landscape Architects Association of Rimini**: "Creativity, technology and innovation for a sustainable approach" promoted by The Plan, whereas on December 6, the **Surveyors Associations of Rimini, Forlì e Ravenna** and the Revenue Agency will hold their events. The calendar continues (12 - 15 December) with the 2016 Bar exam organised by the **Court of Appeal of Bologna**, and national meetings such as "**Search Marketing Connect 2016**" (16 and 17 December) and the venue's final scientific event of 2016 - "**3rd Annual Convention of Integrated Medicine in Oncology**", to be held on December 17.

The key to the Palacongressi's success is not only quality services and high-tech equipment combined with cutting edge communication, it is also the facility's top level architectural and structural design. In fact, the versatility and flexibility of its spaces means that organising events for a dozen guests or for a thousand participants can be carried out efficiently and effectively.
