### **Origin of the name of the historical sites in Rimini**

*With its sinuous shape reflecting the architecture of Medieval times, the Pigna Fountain characterises Piazza Cavour. The symbol of abundance, the pine cone was placed on top of the fountain in turbulent Napoleonic times. When Leonardo da Vinci came to Rimini in 1502 with Cesare Borgia, he was fascinated by the sound of the running water from the various spouts, which later inspired him to invent a unique water organ.*
