Standard, ready to go set up and lay out.  
Thonet linking lecture chairs with maximum comfort can be provided.  
The room is located on the first floor.

## FEATURES:

- Natural light and remote controlled blackout facilities
- Dimmer lights for selected areas
- Standard 2 x 6 m stage with Presidential table and podium
- Stage lighting truss system with stage dimmer lights
- Audio amplification system with wired and radio microphones
- Extensive audio, video and lighting connections
- Mobile video production
- Simultaneous translation service with up to 8 languages
- High density Wi-Fi coverage
- LCD monitor on both Presidential table and podium
- 1 entrance point to the room
- Customisable digital signage at the entrance to room

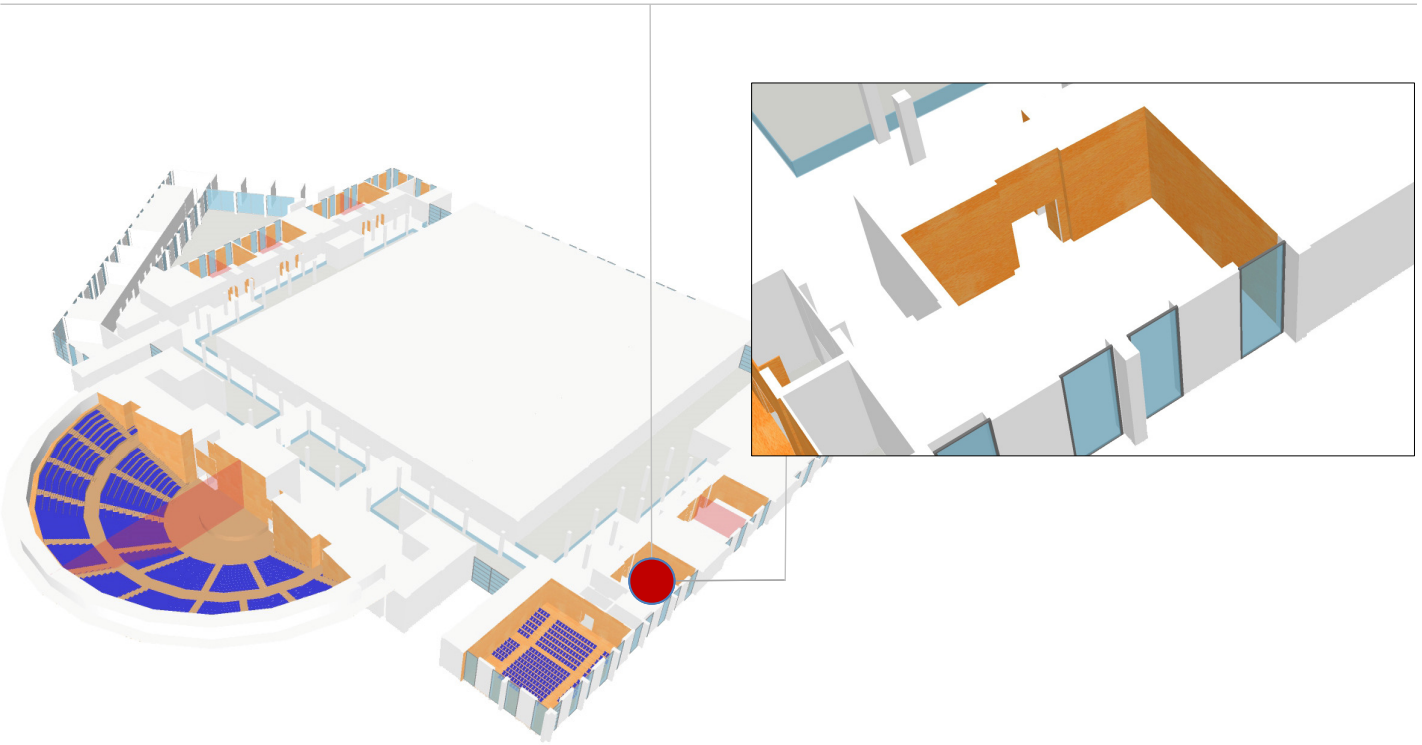

### **The origin of the name**

The Porto Room takes its name from Port Canal which represents one of the quintessential features of Rimini since Roman times, when the city was created at the mouth of the river Ariminus. Because of the tempestuous nature of the river, renamed Maricula (Little Sea) in the Middle Ages, the location of the port has undergone substantial changes and this explains the considerable length of its piers.

17th century quays in Istrian stone still stand along the area under the railway bridge, in contrast to the modern fishing trawlers docked to them.
